Airforms Complete FAA-PMA Product Line

Airforms is located in the heart of the Alaskan aviation scene. Their products are developed from real world needs of experienced Alaskan bush pilots and operators. All Airforms parts are manufactured using state-of-the-art CAD/CAM technology and CNC equipment combined with exemplary craftsmanship to provide the highest quality product.

Stock in the lower 48 states for fast, economical delivery!!

Alaska Bush Tough!

Nose Baggage Compartment Cargo Door Up Latch for Cessna 207 Aircraft

No more holding up the door while loading! P/N AF1213922-1

P/N AF 12 13922-1

- · Nickel plated for corrosion resistance
- · Precision fit drop in direct replacement
- Approved for all 207 models

Door Latch for Piper Navajo PA-31 Aircraft Will not deform after extended use!

P/N AF472-004

- Precision wire EDM machined from solid stainless steel
- · Precision fit drop in direct replacement
- Improved wear resistance
- Approved for all PA-31-310, 325 and 350 models with and without extended cargo door.

Axles for Cessna Aircraft

Don't lose an airplane because of a broken aluminum axle!

Steel axle P/N AF1441003-1

- Weighs only 2.28 lbs
- Save hundreds of \$\$

Titanium axle P/N AF1441003-1T

- Reduces weight by 2 lbs per A/C vs. steel axles
- · Will not rust perfect for saltwater environments

High Strength Parts for Helio H-295 Courier Aircraft

Parts are manufactured from high strength material and machined from a single billet Stronger than original welded assemblies!

Axle

P/N AF250-040-495

- · Cad plated for increased durability
- Precision fit drop in direct replacement
- Accommodates wheel-ski installation

Stabilator Bracket Left Hand P/N AF391-022-401-2 Right Hand P/N AF391-022-401-3

Cad plated and primed for increased durability

- · Sold as a match-machined set
- Mounting holes match drill at installation to ensure exact fit

Complete Engine Baffle Kits

Keep your engine cool with new baffle kits! Airforms is the premier manufacturer of FAA-PMA replacement baffle kits for Cessna, Piper and the Beechcraft Baron.

- 6061-T6 aluminum with black high temperature fiberglass reinforced silicone seals pre-installed (orange or blue seals available as special order for an extra charge)
- Bare aluminum or gray powder coat finish
- · Individually interchangeable with factory baffles

Many Improvements:

- · Stainless steel brackets where needed
- Hard rivet construction
- 1/2" back plates to secure seals
- · Improved fit

Notes:

- If aftermarket components (starter, alternator, exhaust, engine mod, etc) have been installed it is the installer's responsibility to adjust baffles to fit.
- Mounting hardware is not included (nuts, bolts, screws, Tinnerman clips, etc).

See eligiblity and figures on the following pages

- Notes:

 Partial model eligibility
 To determine the part number required see oil cooler configuration with applicable figure.
 Baffle seals are available in black only.
 P/N AF0550165-2 and AF0550165-6 are available in black only.
 Baffle kits and components have received Alternative Method Of Compliance (AMOC) from the FAA for AD 93-23-13. Mandatory 50 hour inspection is no longer required.
